## About Shearwell Data in the USA

With expertise in livestock identification and management spanning 30 years, Shearwell is a family and farmer-owned business, supporting livestock farmers in the USA and around the world. Sheep, cattle and goat tags are printed at our factory in Houston, Texas, and we pride ourselves on high levels of customer service, quick turnaround times and the durability and retention of our tags.

We have recently launched our new two-piece BOS range of high quality, durable ear tags. BOS tags feature a variety of print and layout options, blank write-on tags are also available and all in a wide range of size and colour options.

## Heatwave® Milk Warmer For Calves, Lambs & Kids

### Heats cold milk to be fed on demand

*Takes the hard work out of rearing lambs! No more bottles & late night feeds. Lambs are content as they access milk when they are hungry.*

- Feeds up to 30 calves or 50 lambs/kids
- Quick and easy to set up and clean
- Very hygienic, as the milk is stored cold
- Suitable for powdered or whole milk
- Can be set up to feed calves and lambs at the same time

# X6 Stock Recorder - For Cattle & Sheep

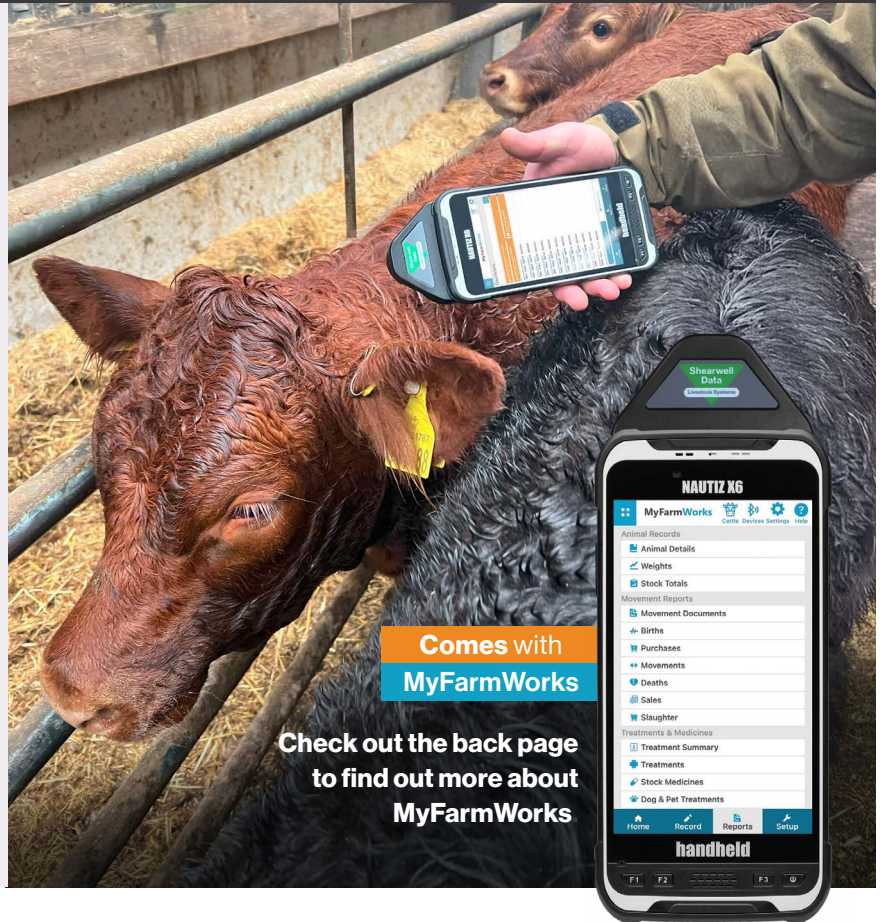

## Streamline livestock management with the X6 Stock Recorder

Comes with 1 year subscription to MyFarmWorks Pro

With a powerful built-in EID tag reader, the X6 is designed to effortlessly capture livestock data. By working seamlessly with MyFarmWorks, it's easy to record births, weights, treatments and much more. No need to manually upload to the cloud, your data will sync automatically when the X6 is connected to the internet.

Rugged, reliable and pocket-sized, the X6 is tough enough to handle life on the farm, and compact enough to keep with you.

X6 Stock Recorder + 1 year MyFarmWorks Pro

Comes with  
MyFarmWorks

Check out the back page  
to find out more about  
MyFarmWorks

Pairs with  
MyFarmWorks

## Modular Panel Readers For Cattle & Sheep - Large & Small

Our panel readers can be configured quickly and easily within an existing set-up (non-metallic race) for fast, effortless recording of EID tags as stock run through the chute.

SDL150L Large - Pair

SDL150S Small - Pair

“

We are now up and running with MyFarmWorks and cannot believe how user friendly it is!

The MyFarmWorks dashboard is clear and concise with all the information we need.

The whole process of changing over to MyFarmWorks has been made stress free by your support team.

Zoe Shanahan

## EID Stick Reader - For Cattle & Sheep

**Quickly and accurately identify livestock from their RFID number**

**Comes with 6 months subscription to MyFarmWorks Pro**

Simple, powerful and reliable. Our Stick Reader is designed to handle the rigours of ranch life and features an easy single-button operation and a large display.

Wherever you are – in the pen, in a chute or out in the field – just point, scan, record, and store data for up to 16,000 animals across 26 management groups. Seamlessly transfer data via Bluetooth to your PC, Mac, Mobile Printer, or our apps, making livestock management easier than ever!

**Comes with  
MyFarmWorks**

**Easily see if you have read a tag!**

Green light = new read

Red light = duplicate read

**Optional extras**

1 - Tough Case

2 - Mobile Printer

EID Stick Reader + 6 months MyFarmWorks Pro

**Unlock the full potential of your farm with MyFarmWorks Pro**

Watch our quick and easy-to-follow how-to videos  
[myfarm.works/blog](https://myfarm.works/blog)

### Subscription

When you purchase a Stick Reader you will receive a voucher for 6 months subscription to MyFarmWorks Pro.

### Recording

View individual and batch animal records. Recording is a breeze when you use MyFarmWorks!

### Report

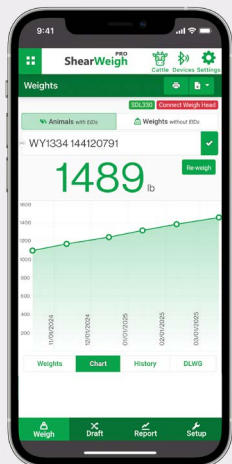

Run reports on individuals and groups to make better management decisions.

“

The ShearWeigh weigh scale is super easy to install. The App is easy to download. You can see the weights right there and it doesn't need the internet, I love it!
